TERMS & CONDITIONS

- Lease example: Launch X431 Pro 5 Plus - Offer price £1950. 5 Year lease plan: Advance rental £44.85 + VAT, followed by 59 payments of £44.85 + VAT, weekly equivalent £10.35 + VAT. Set up and document fees apply, please ask for details.
- All lease rental prices shown are weekly equivalents assuming advance rental, equivalent to 1 month's rental and all subsequent rentals payable monthly.
- Lease figures may vary according to status and are for illustration purposes only.
- All lease transactions are subject to a documentation fee.
- All prices shown are subject to VAT and subject to status.
- All offers are subject to availability and applicable to UK mainland only, certain postcodes may incur an additional delivery charge.
- All offers available until December 31st 2022, prices and specifications subject to change without notice.
- Any additional costs incurred concerning LOLER, PUWER and BS7980 regulations are the customer's responsibility.
- Installation is to a prepared site, excluding electrical installation. Please make sure your site meets the requirements for the equipment purchased, such as floor quality, concrete depth, power supply and access. If in doubt, please contact your local branch or the supplier.

MILWAUKEE M18 HIGH TORQUE 1/2" IMPACT WRENCH WITH 2X 5 AMP BATTERIES

- M18 FUEL™ Impact Wrench
- POWERSTATE™ brushless motor
- 2 x 18v x 5Ah REDLITHIUM™ batteries
- Fast multi voltage charger
- 4 Mode DRIVE CONTROL™ with bolt removal mode
- Fastening torque 1354Nm
- Bolt removal mode, maximum nut busting torque breaking fasteners free
- 1/2" Square drive anvil with friction ring
- Bright LED job light
- Premium rubber overmould increases comfort and corrosion protection
- REDLINK PLUS™ advanced digital overload, enhancing productivity, performance and protection under load
- REDLITHIUM™ batteries - Superior construction electronics and fade free performance
- Milwaukee hard carry case
- Weight 2.6kgs

MWM18FHIWF12-502X

£349.95

MILWAUKEE FUEL ONE KEY 3/4" IMPACT WRENCH WITH 2X 5 AMP BATTERIES

The M18ONEFHIWF34 high torque impact wrench with ONE-KEY™ technology delivers 1627Nm of fastening torque in a compact size of 213 mm, which gives more access in tight spaces. The 4 -Mode DRIVE CONTROL™ allows the user to shift into four different speed and torque settings to maximise application versatility.

- 2 x M18B5 18 v 5.0 Ah REDLITHIUM™ batteries & charger
- Milwaukee Case / Bag
- 3/4" Friction ring reception
- Mode 4 bolt removal, provides a maximum nut-busting torque of 2034Nm then shifts to 750 rpm for unmatched control when removing fasteners
- The integrated blow counting sensor enhances the consistent repeatability of the chosen torque setting
- ONE-KEY™ tool control enables wireless tool customisation for increased productivity and consistent results
- ONE-KEY™ tool tracking & security offers a Cloud-based inventory management platform that supports both location tracking and theft prevention
- No load speed (rpm) 0 - 1850 / 0 - 2400
- Tool reception 3/4" square
- Max. fastening torque [Nm] 1627
- Nut busting torque [Nm] 2034
- Weight with battery pack (kg) 3.3

M18ONEFHIWF34-502X

£399.95

MILWAUKEE AUTOMOTIVE POWER PACK INCLUDES 1/2" HI-TORQUE & 3/8" STUBBY IMPACT WRENCH WITH 4 BATTERIES, CHARGER AND CASE

- M18 Hi-Torque Baseline Impact Gun with 1898Nm of nut busting torque and 1354Nm of fastening torque as above.
- M12 Stubby 3/8" Impact Gun with 339Nm maximum torque in a super compact size of only 121.9mm length.
- Brushless POWERSTATE™ motor delivers more power in a more compact size.
- REDLINK PLUS™ Intelligence system delivers advanced digital overload protection for tool and battery, and uniquely enhances the tool performance.
- REDLITHIUM™ ION battery pack provides superior pack construction, electronics and fade free performance to deliver more run time and more work over pack life.
- Includes 2x M18 5Ah, 1x M12 6Ah, 1x M12 2Ah batteries & M12/M18 charger

96040000 - Venom™ Induction Heater+ **£615.00**

Three Year Limited Warranty

Generates Invisible Heat® to release corroded and thread locked metal components without the danger of an open flame

Features Include:

- Angled Design with Trigger: Lightweight, ergonomic design allows for induction heat to access hard to reach places more easily
- Coil Twist Lock™: Coils now lock down with one simple turn (no more thumb screws)
- LED Usage Indicator: A red LED will light under fault conditions and a green LED lights while the trigger is active and the tool is heating properly
- Fault Override Delay: Any event that causes the red LED to illuminate will protect the tool by starting a three second lock out
- Fan Operation Enhancements: The fan continues to run after the trigger is released to aid in thermal cycle time reduction and will stay powered when the thermal switch opens to aid in cooling the tool
- User Controlled LED Switch: As long as the tool is powered and the internal power supply is operating, the LED will remain lit when the switch is on

Contents:

- 1x Coil - 1x Sting - 1x Bearing Buddy

33150500 - Cooling Pressure Test Kit Adapters

£139.00

- Pressure test kit with 2 common adaptors for most common vehicles.
- Fits directly via an in-line connection to the expansion tank, which allows you to pressurise the system as if you were using a cap.
- Connects directly to 331595V3 Cooling kit pump (33150100)
- Connects directly to 33100000 Universal Digital Pressure Tester- Comprehensive Kit

Unbreakable Vices*

- High quality, heavy duty construction provides years of trouble free use
- CNC machined components for excellent fit and durability
- Hardened and tempered finely ground jaws for superior grip
- Scratch resistant hammered blue finish
- Replacement parts available including jaws and handle

*Excluding handle & jaws

SPEEDLINE5001 - Lithium Powered Cordless Soldering Iron

£93.95

Warm up time: 10-15 sec
 Runtime: 35 minutes
 Lithium Battery = 500-700 charge cycles

- Can also be used whilst connected to mains
- 30W: High power for a small device and no current risk
- Cordless operation for ease of use
- Does not require gas - no danger of flame and cost saving
- Precision tip for fine solders (connectors, etc.)
- Universal tip for soldering cables (e.g. cabling a trailer hitch)
- Tip for heat-shrink sheaths: Does not come into contact with the sheath so no risk of melting
- Housing remains at safe working temperature

N3580000 - Nissan Brake Bleeding Cap Set

£279.00

- Nissan brake bleeding cap set - as approved by Nissan Motor GB Ltd
- Includes five brake bleeding caps and converter that is compatible with common brake bleeders
- Connects directly with 343001V2 12V Automatic Brake Bleeder- 6 Bar and 34400500 240V Electric Brake Bleeder- 4 Bar

Contents:

- N3580100 - Cap 13
- N3580200 - Cap 20
- N3580300 - Cap 11
- N3580400 - Cap 12
- N3580500 - Cap 90
- N3580600 - Converter
- N3580700 - Cap Seal Set

07670000 - Brake Disc Measuring Tool

£81.95

- Measures 200 - 400mm brake discs
- Provides access and reach through obstructions to give an accurate diameter measurement of the brake disc
- Easily order correct sized brake discs first time and eliminate the trial & error of ordering multiple sizes as shown on applications

SEALEY TOOLS

LASER

TOOLS

PAST • PRESENT • FUTURE

The Ford EcoBlue diesel engine was launched in 2.0 format, in 2016 and is primarily found in the Transit Range of vans, but is also found in the Mondeo, Focus, Galaxy, Kuga and Ranger.

The engine was designed to be cleaner, more fuel efficient, and to deliver more power and more torque, and features a new "wet-belt" or "belt-in-oil" system, which is used to drive the camshafts to reduce friction.

However, it has not been without its problems, which is why Laser Tools has developed a specific EcoBlue range of tools, designed and manufactured in our own UK factory, to deal with these issues.

Timing belts on these vehicles frequently require to be changed before the recommended mileage interval, so we have developed the **7323 Engine Timing Kit** and the **7334 Pulley Puller**, as the pulley needs to be removed to access the timing belt. On later models (i.e. Transit, Ranger and Kuga 2019 onwards) the **8394 Pulley Puller** is required due to design changes by Ford.

In 2019 Ford issued a service recall notice concerning issues with injectors on this engine, so once again Laser Tools designed a solution for removing faulty injectors. **7912 Injector Extraction Kit** is designed to remove seized injectors, but will damage them in the process - **8288** is designed to remove injectors in one piece, so that they can be re-fitted at a later stage.

And finally, should the fuel injection pump fail we have **7324 Injection Pump Remover & Installer Kit**.

HOFMANN MEGAPLAN

EDGE 2D Wheel Balancer

Compact, Italian designed wheel balancer, quick and easy to use with 2D semi-automatic data input. Suitable for car and light commercial wheels (additional adaptors required for LCV)

- Motorised wheel balancer
- 40mm Shaft
- Semi-automatic (2D) data input
- 3 Year warranty (subject to servicing)
- Weight placement arm

megamount EDGE Tyre Changer

A premium quality tyre changer which will meet the demands of busy workshops. Combines a unique bead breaker with 'megafit 2D' assist, making this an ideal machine for the toughest of tyres.

- 12" to 26" Clamping
- 'Tapered' turret and oversized column assembly provides maximum rigidity
- Removable pedal box for easy 'in-house' maintenance
- Pedal inflation
- Can be supplied in traditional lever or leverless design
- Built in the UK
- Available in 1ph or 3ph
- Includes delivery, installation and comprehensive on-site training
- 3 Year warranty (subject to servicing)

Evolution Device to convert standard machine into leverless operation

EXCLUSIVE! Tyre Changer & Wheel Balancer Package

Tyre Package

BRADBURY

This tyre package comprises the best selling tyre changer and wheel balancer in the Bradbury range.

The WC5301 tyre changer comes complete with an assist arm, designed to aid the user in changing run flat and low profile tyres with ease.

Handling wheels up to 26" clamped internally, 23" external, the WC5301 is the ideal tyre changer for the majority of UK vehicles.

The Bradbury WC5521i Advanced Electronic Wheel Balancer features advanced Italian software with 7 different ALU modes and is suitable for wheels of up to 28". The machine has a hidden (split) weight feature, which means weights can be hidden behind the wheel spokes.

Join the 1000's of customers already using this equipment today!

Tried, tested and built to last, this package is backed up by a 2 year parts and labour warranty!*

The complete package, with no hidden costs!

All equipment is built up and tested prior to despatch. Price includes delivery, installation and commissioning by a qualified Bradbury engineer

*Subject to maintenance at the manufacturer's recommended intervals.

3 Stage extending arms both front and rear for greater flexibility and vehicle coverage

Dama HDM4.0T/SB 2 Post Lift

One of the most popular lifts in our range, providing top quality features at an excellent price. An ideal service lift with baseless design allows equipment to be manoeuvred beneath the lift. It has a lifting capacity of 4 tonnes & gives full flexibility for cars, 4x4s and vans.

This version gives the added flexibility of 3 stages on all 4 arms, including 80mm rise extension pads.

Features

Two chain driven pistons
Synchronization steel cable
3900mm Inner clearance
Aluminum Alloy motor
Electromagnetic lowering valve
2 Height switches, one for car & one for carriage
Electrical locks 24V
Available in single & 3 phase

HDM 4.0T/SB
£2995.00

Lease £16.24 pw
(5 yrs)

Dama HDM5.0T/1 2 Post Lift

Excellent lift for 4x4s, large vans & motorhomes. Semi-base design with a small cover between the posts and side bracing arms for maximum rigidity. No overhead gantry, the lift is ideal for working on varying sized vehicles and is perfect for garages with restricted height. Triple extending arms extend from 886mm to 1800mm long, with adjustable lift pad height of 110mm to 150mm.

Features

5t Lifting capacity
Electro hydraulic operation
Semi-base design with side braces
Electronic lock release
Triple extending arms 886mm to 1800mm
Lifting time 60 seconds
Pad height min 110mm max 150mm
Available in 3 phase only

Dama HDM6.0T/SB2H - 2 Post Lift

This 6 tonne lift has a huge lifting capacity at an amazingly low purchase price. Ideal for many light commercial workshops with 2 different height options. It can be installed at an external height of 4400mm or 4700mm. Flexible, baseless design, ideal where equipment needs to be manoeuvred beneath the lift. Inner height of 4230mm or 4530mm, giving full flexibility of lifting vehicles from large cars, 4x4s and large vans to small trucks. Comes complete with 1800mm 3 stage arms.

Features

Electro hydraulic operation
Synchronization steel rope
Electromagnetic lowering valve
Electric lock release
2 Height switches, one for car and one for carriage
Min height 123mm - 178mm
3 Phase only
Comes with 4 x 67mm & 4 x 127mm extensions

Dama HDM706E Semi Automatic Tyre Changer

An amazingly low cost tyre changer that comes with excellent features and carries the Dama pedigree for quality.

This popular Semi auto tyre changer has excellent specifications, including a large turntable to accommodate 25" rims and up to 14" wide wheels, powerful bead breaker and strong demount head. The two air operated assist arms enable run flat and low profile tyres to be easily removed whilst the protection system makes it ideal for alloys.

The tyre changer comes complete with air filter regulator, tyre inflator, tyre lever and soap tub.

Price includes delivery and installation.

WHY BUY A SEMAD SPRING COMPRESSOR?

We all know that compressing coil springs can be a highly dangerous job. We have all heard 'disaster stories' of people getting seriously injured or where someone has had a very close call. We believe that the Semad unit is not only the best unit on the market, but also the safest. And here's why...

If used correctly it is **IMPOSSIBLE** for the coil spring to leave the machine.

A steel rope feeds through the spring and even if the user loads the spring incorrectly, the spring cannot leave the machine.

The unit will not compress a spring unless the Safety Cage has been lowered and locked into position.

**Air operated version only*

The user is protected 360° with a Triple Bar Steel Protection Cage at the front and a metal cover at the rear of the machine.

It's not the most expensive unit on the market.

Safe and competitively priced.

Our jaws are patented which means people can't copy them and because of that most manufacturers offer different types and sizes of jaws for different vehicle applications.

This can become very expensive in the long term. Our unit has 1 optional accessory (Universal Top Plate). This, along with the jaws, should compress any spring currently on the market.

Mechanical Unit

- 1800KG of compression force
- 440mm stroke length, longest available on the market today
- Safety cage and cable as standard
- Weight - 60kg
- Dimensions - 50 x 40 x 120cm

Includes: • MS909 + IM508 + XP400Pro • Extended 2 Years Warranty • 2 Years Software Free Updates • MaxiFlash VCI J2534 included

The all new MaxiSYS MS909 is our replacement to the MS Elite and shares the same tablet hardware as the MS919. The MS909 does not include multi-purpose VCI, but instead is supplied with our standard MaxiFlash VCI with Enhanced Protocol Compatibility, which supports D-PDU, RP1210, CANFD, J2534 and DoIP protocols.

The MS909 combines diagnostics, service, extensive live data, channel coding and ECU re-flashing. The MS909 also has further programming options directly within the tool software itself (focusing on BMW and Mercedes). In addition, the MS909 has all new

software specialist capabilities that we have named Repair Assist, DTC Analysis, Topology Mapping and Relevant Cases.

The IM508 is a fast, easy-to-use, and ultra-portable immobiliser and key programming device. The IM508 is capable of providing strong coverage for service functions of immobiliser systems and programming of keys.

The IM508 is bundled with our advanced XP400Pro as standard to give you all our key programming software on one dedicated key programming tool.

We have removed the higher capability vehicle diagnostic and service functions to offer a super low cost, high capability IM508 key programming device for technicians.

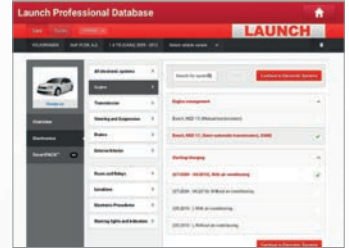

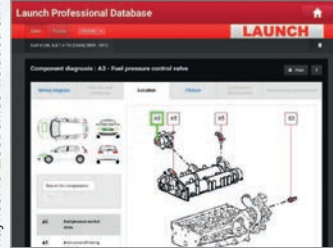

The IM508 PROMO is supplied with 2 years software updates and 2 years warranty.

X-431 EURO TAB III

The Euro Tab III is a newly-developed high-end vehicle diagnostic device based on the Android 9.0 operating system. Solid build quality with a huge 13" screen, the new Tab III offers many advanced features, including the Smartlink® C VCI. This advanced module allows for communication and advanced functions in several ways. Featuring its own 4.0-inch screen, the Smartlink® C communicates directly with the vehicle for local diagnosis and remotely for Launch SRD diagnosis, (Launch Super Remote Diagnosis), this new development in diagnostics allows a technician to call a service provider who, using the Smartlink®B device, will connect to the vehicle remotely. It is then possible to carry out almost any diagnostic or programming function, on almost any vehicle, using OEM or aftermarket tools. The VCI is also compatible with DOIP (Diagnosis over the Internet protocol), CAN FD, (flexible data-rate), and as a Pass-Thru device, communicating by J2534, D-PDU and RP1210 protocols.

The Euro Tab III includes the Launch professional database fully integrated into the diagnostic software. This will take the user directly from the DTC to a step by step testing routine, leading to the fault code solution. The new Tab III comes complete with the Launch O2-1 four-channel oscilloscope, as well as the Launch TSGUN and four TPMS sensors. The TS Gun will read all sensor information, programme Launch sensors, and diagnose TPMS fault codes.

EUROTAB III FEATURES

- Launch Super remote diagnosis (SRD)
- Intelligent diagnostics for 100+ car brands
- Topology mapping provides visual checking on DTCs and all systems' communication status
- Supports the following automotive communication protocols and standards:
CAN / CANFD / DoIP / J2534 / D-PDU / RP1210
- 33 Service and reset functions
- Launch guided diagnosis function
- Optional ADAS calibration function
- Advanced coding and programming function

NEW MODEL! NOW INCLUDES REMOTE DIAGNOSIS.

- Extended solution to support TPMS servicing
- 2.4GHz & 5GHz Dual band communication ensures quick and stable connection
- Diagnoses light, medium & heavy duty vehicles with Smartlink® C
- Wireless software update
- Built-in repair information and training video modules help to track and fix issues fast

SPECIAL OFFER INCLUDES

- Upgrade to 3 years software for only £245, saving £280
- One year Launch CarSet electronics database powered by Haynes PRO
- Two-year Launch UK warranty

X-431 EURO PRO 5 LINK

The PRO 5 Link is a development of the successful Pro 5 Plus. The PRO 5 Link is supplied with the latest Launch development, the advanced Smartlink®C VCI. This advanced interface supports multiple communication and diagnostic protocols, these include, DOIP, CAN FD, J2534/1/2, D-PDU, RP-1210/C, 5GHz Wi-Fi, Ethernet, USB 2.0. The Smartlink®C also supports Launch SRD (Super Remote Diagnosis), this new development in diagnostics allows a technician to call a service provider who, using the Smartlink®B device, will connect to the vehicle remotely. It is then possible to carry out almost any diagnostic or programming function, on almost any vehicle, using OEM or aftermarket tools.

The PRO 5 Link uses the latest in Launch diagnostic technology, Intelligent diagnostics automatically identifies the vehicle through the VIN. Fault codes can be resolved using the Launch CarSet database, powered by Haynes Pro. Using guided diagnostics and technical information, the technician can follow a methodical test plan and resolve the fault issue.

FEATURES

- Local intelligent diagnostics
- Remote diagnostic, using the Launch SRD platform
- Compatible with multiple protocols
- Supports heavy commercial vehicles (Additional license required)
- One click software updates almost daily

SPECIAL OFFER INCLUDES

- Upgrade to 3 years software for only £300, saving £225
- One year Launch CarSet electronics database powered by Haynes PRO
- Two-year Launch UK warranty

NEW MODEL! NOW INCLUDES REMOTE DIAGNOSIS.
